JAD AYOUBI

FRONT END WEB DEVELOPER

PROFILE

I am a passionate and dedicated front-end web developer with a keen eye for design and a drive for creating engaging user experiences. With a strong foundation in HTML, CSS,JavaScript, and React js. I strive to blend aesthetics and functionality seamlessly in my projects. I am constantly expanding my skill set and keeping up with the latest industry trends to deliver modern, responsive, and accessible websites.

WORK EXPERIENCE

Geek express — FEB 2022 - PRESENT
Part time Front-End Web Tutor

- As a front-end web tutor, I have had the rewarding opportunity to share my knowledge and passion for web development with aspiring learners.
- I have helped individuals Grasp:
  - HTML
  - CSS,
  - JavaScript
  - jQuery.

Beirut Arab University — SEP 2023 - PRESENT
Part time Lab Instructor

- Facilitating hands-on learning experiences for students in DataStructures, Database and Web development.
- Overseeing laboratory sessions
- Doing weekly assesments
- Guiding students through experiments and technical support

Senior University Project — 2023

Developed with React and React Hooks

- integrates cutting-edge chatbot and immersive virtual reality (VR) technology using React and React Hooks as frontend.
- This choice empowers us to deliver a responsive user interface while maintaining a modular and scalable codebase.
